## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
 Glencoe Education Foundation, Inc  
 Franklin, Louisiana

We have audited the accompanying statements of financial position of Glencoe Education Foundation, Inc. (a nonprofit organization) as of June 30, 2008 and 2007, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial and compliance audits contained in *Government Auditing Standards*, promulgated by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Glencoe Education Foundation, Inc. as of June 30, 2008 and 2007, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2008, on our consideration of Glencoe Education Foundation, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audits.

INTRODUCTION

Glencoe Education Foundation, Inc. (Foundation) was founded in 1999 as a nonprofit organization incorporated under the laws of the State of Louisiana. The Foundation is dedicated to providing for and maintaining an optimum learning environment in which all enrolled children are afforded the opportunity to achieve, attain goals and excel as students and as individual citizens of the world. The focus of instruction is child-centered with curricula designed to meet the educational, social, physical and emotional needs of each learner as a whole person. The Foundation operates Glencoe Charter School which is an approved Type 2 charter school under Louisiana Revised Statute 17:3991. The school's operations are located in Franklin, Louisiana. During its first year of operations (fiscal year ended June 30, 2000), the school had grades kindergarten through fifth. During the second year of operations, sixth grade was added. During the third year of operations, seventh grade was added, and during the fourth year of operations, eighth grade was added. Open student enrollment began in August 1999. The Foundation is allocated funds from the State of Louisiana based on an October 1 enrollment date. The Foundation is governed by a board of directors and managed by a director. During the fiscal years ended June 30, 2008 and 2007, 97.61% and 97.15% of total revenues, respectively, were derived from federal and state sources.

The accompanying financial statements of the Foundation have been prepared on the accrual basis of accounting.

The Foundation is an exempt organization for federal income tax purposes under Section 501(c)(3) of the Internal Revenue Code. Additionally, the Internal Revenue Service has determined that the Foundation does not qualify as a private foundation within the meaning of Section 509(a) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the accompanying financial statements.

NOTE 1    SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Support and expenses

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets in the statements of activities as net assets released from restrictions.

Expenses are recorded when incurred in accordance with the accrual basis of accounting.

Allowance for doubtful accounts

The Foundation considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required.

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and equipment

All capital assets are capitalized that have a cost or estimated cost of \$1,000 or more. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. Depreciation is computed using the straight-line method at rates based on the following estimated useful lives:

	Years
Building and improvements	10 - 25
Computers and peripherals	3 - 5
Computer software	2
Furniture and equipment	7 - 10
Transportation equipment	3

Expenses for additions, major renewals, and betterments are capitalized. Expenses for maintenance and repairs are charged to expense as incurred.

Compensated absences

All twelve-month employees earn 10 days of non-cumulative vacation leave each year. Upon resignation or retirement, all unused vacation leave is forfeited.

All twelve-month employees earn 12 days of sick leave each year. Teachers and other nine-month employees earn 10 days of sick leave each year. Sick leave may be accumulated. No sick leave is paid upon resignation. Upon retirement or death, unused accumulated sick leave of up to 25 days is paid to the employee or the employee's estate at the employee's current rate of pay.

Under the Teachers' Retirement System of Louisiana and the Louisiana School Employees Retirement System, all unpaid sick leave, which excludes the 25 days paid, is used in the retirement benefit computation as earned service.

In accordance with the provisions of Statement of Financial Accounting Standards No. 43, "Accounting for Compensated Absences," no liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

Donated services

The Foundation receives donated services from unpaid volunteers who assist in program services during the year; however, these donated services are not reflected in the statements of activities because the criteria for recognition under Statement of Financial Accounting Standards No. 116 have not been satisfied.

Cash and cash equivalents

For the purposes of the statement of cash flows, the Foundation considers all highly-liquid investments with a maturity of three months or less when purchased to be cash equivalents.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory

Inventory consists of commodities granted by the United States Department of Agriculture through the Louisiana Department of Agriculture. The commodities are recorded as revenues when received; however, all inventories are recorded as expenses when consumed. Values are assigned based on information provided by the United States Department of Agriculture.

Advertising costs

Advertising costs are expensed as incurred. Total advertising expense was \$1,464 and \$2,943 for the fiscal years ended June 30, 2008 and 2007, respectively.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 4 CONSTRUCTION LOAN PAYABLE

The Foundation secured an interim construction loan with a local financial institution for \$2,600,000 to finance the construction of a new K-4 school building. Once the construction is complete, this interim loan will be converted to two separate loans. One will be a direct loan from the United States Department of Agriculture in the amount of \$1,600,000 with a term of 40 years and a fixed interest rate of 4.5%. The second loan will be obtained from a local bank in the amount of \$1,000,000 and have a term of 20 years with a variable interest rate of 7.5%. This second loan will be secured by a 90% guarantee from the United States Department of Agriculture. As of June 30, 2008 the Foundation has taken advances of \$2,570,343 and has made a principal payment of \$100,000.

On September 25, 2007 an additional cost overrun loan was approved by the United States Department of Agriculture in the amount of \$200,000 which increases the direct loan to \$1,800,000.

NOTE 5 CONSTRUCTION PROJECT

The Foundation is in the process of building a new K-4 Building. The original estimated completion date was February 2008, but due to some delays in construction and a pending lawsuit between the Foundation and the contractor, the building was not ready for classes until August 2008. (See Note 10 for further discussion about pending litigation). Estimated costs to completion at June 30, 2008 were \$380,850. This project was financed by the loans described in Note 4 along with a \$247,000 United States Department of Agriculture grant approved on September 25, 2007.

The Foundation entered into a non-cancelable operating lease for immovable property with Glencoe-Vacherie Plantation, Ltd., which is a related party as a result of one of the Foundation's board members being a general partner in the entity. The lease calls for nine monthly payments of \$2,667 per year beginning in September of each year. The original lease expired on September 30, 2004. The lease also contains an option to renew for four additional five year periods, with the first five year period having begun on October 1, 2004. The first option to renew was executed.

NOTE 8 LEASE COMMITMENT (CONTINUED)

In July 2005, the lessor installed a new roof on the middle school building. The lease was amended to offset the cost of the new roof. The amendment called for nine monthly payments of \$5,333 per year beginning September 1, 2005 and ending June 1, 2010.

The lease expense for the fiscal years ended June 30, 2008 and 2007 totaled \$48,000 and \$48,000, respectively.

The following is a schedule of future minimum rental payments required under the above non-cancelable operating lease:

Year Ended June 30,	
2009	\$ 48,000

NOTE 9 CASH AND INTEREST-BEARING DEPOSITS (CONTINUED)

The Foundation maintains cash balances in excess of \$100,000 in banks, which are secured by the Federal Deposit Insurance Corporation, the Securities Investor Protection Corporation, and the pledge of securities owned by the fiscal agent bank. Bank balances at June 30, 2008 are secured as follows:

Bank balances	\$ 1,347,462
Federal deposit insurance and securities investor protection	512,887
Pledged securities (Category 1)	<u>270,000</u>
Total	<u>782,887</u>
Excess of bank balances over federal insurance and pledged securities	<u>\$ 564,575</u>

*Pledged securities* (Category 1) includes insured or registered investments for which the securities are held by Glencoe Education Foundation, Inc. or by its trust department or agent, in the Foundation's name.

NOTE 10 PENDING LITIGATION

The Foundation is presently a defendant in litigation involving the contractor of the new K-4 building. The contractor is requesting full payment for the final invoices for services rendered; however, management is in disagreement as to the adequacy of the services performed and is defending its position vigorously that the amount requested by the contractor is not reflected in the actual work performed. Management has taken a conservative approach with regards to financial reporting and has accrued the full amount in question in the financial statements.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of  
 Glencoe Education Foundation, Inc.  
 Franklin, Louisiana

We have audited the financial statements of Glencoe Education Foundation, Inc. (a nonprofit organization) as of and for the year ended June 30, 2008, and have issued our report thereon dated December 5, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control over Financial Reporting

In planning and performing our audit, we considered the Foundation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the organization's financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the organization's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of management, federal awarding agencies, and pass-through entities. However, under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document, therefore its distribution is not limited.

#### Education Levels of Public School Staff (Schedule 2)

2. We reconciled the total number of full-time classroom teachers per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule 4) to the combined total number of full-time classroom teachers per this schedule and to charter school supporting payroll records as of October 1, 2007.

No differences were noted for this procedure.

3. We reconciled the combined total of principals and assistant principals per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule 4) to the combined total of principals and assistant principals per this schedule.

No differences were noted for this procedure.

4. We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1, 2007 and as reported on the schedule. We traced a random sample of 25 teachers to the individuals' personnel files and determined if the individuals' education levels were properly classified on the schedule.

No differences were noted for this procedure.

#### Number and Type of Public Schools (Schedule 3)

5. We obtained a list of schools by type as reported on the schedule. We compared the list to the schools and grade levels as reported on the Title I Grants to Local Educational Agencies (CFDA 84.010) application and/or the National School Lunch Program (CFDA 10.555) application.

No differences were noted for this procedure.

#### Experience of Public Principals and Full-time Classroom Teachers (Schedule 4)

6. We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1, 2007 and as reported on the schedule and traced the same sample used in procedure 4 to the individuals' personnel files and determined if the individuals' experience was properly classified on the schedule.

No differences were noted for this procedure.

#### Public Staff Data (Schedule 5)

7. We obtained a list of all classroom teachers including their base salary, extra compensation and ROTC or rehired retiree status as well as full-time equivalent as reported on the schedule and traced a random sample of 25 teachers to the individuals' personnel files and determined if the individuals' salaries, extra compensation, and full-time equivalents were properly included on the schedule.

Procedures indicated testing a random sample of 25 teachers. However, the Foundation employed 25 teachers as of year end; therefore, we tested the entire population.

No differences were noted for this procedure.

8. We recalculated the average salaries and full-time equivalents reported in the schedule.

No differences were noted for this procedure.

Class Size Characteristics (Schedule 6)

9. We obtained a list of classes by school, school type, and class size as reported on the schedule and reconciled school type classifications to Schedule 3 data, as obtained in procedure 5. We then traced a random sample of 10 classes to the October 1, 2007 roll books for those classes and determined if the class was properly classified on this schedule.

No differences were noted for this procedure.

Louisiana Educational Assessment Program (LEAP) for the 21<sup>st</sup> Century (Schedule 7)

10. We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Glencoe Education Foundation, Inc.

No differences were noted for this procedure.

The Graduation Exit Exam for the 21<sup>st</sup> Century (Schedule 8)

11. We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Glencoe Education Foundation, Inc.

We were unable to perform this procedure because Glencoe Education Foundation, Inc. did not have grades 10 or 11 during the fiscal years ended June 30, 2008, 2007, and 2006.

The iLEAP Test (Schedule 9)

12. We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Glencoe Education Foundation, Inc.

No differences were noted for this procedure.

We were not engaged to and did not perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of Glencoe Education Foundation, Inc., the Louisiana Department of Education, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
